Hosta (Plantain lily)

The Hosta is an elegant foliage plant that no garden should be without. They thrive in shade as well as sun. Many have large leaves, in variety of beautiful colors and surface architecture, looking immensely beautiful. As such, they can be accompanying all sorts of oriental plants, like bamboos, lilies e.t.c. In autumn, they exhibit plethora of autumn colors, before the foliage dies down, as they are not ever-greens. They are perennial, clump forming plants. Flowers are lily-like.
